TERMS AND CONDITIONS

Note: In these terms and conditions the name Microjet is to be taken to mean Micromark (Pty) Ltd, Micro Mouldings (Pty) Ltd, Microjet (Pty) Ltd or any other company which supplies these products as direct agents of the manufacturer, Micro Mouldings (Pty) Ltd

All orders placed on Microjet are subject to the following Terms and Conditions:

- Until such time as the purchase price of the goods delivered has been paid in full, ownership in the goods supplied shall remain vested in Microjet and shall not pass to the customer.

- Any credit facilities which may be granted are subject to payment strictly 30 days nett from date of monthly statement. Any settlement discounts will only be applied to payments made on or before the last working day of the month in which they are due.

- All goods are to be ordered using Microjet **product code numbers, descriptions and prices**. This will eliminate the risk of the incorrect goods being supplied. Microjet will not be responsible for any errors made on orders not containing full Microjet codes and descriptions or incorrect prices.

- A minimum value of R 3,000.00 per order will apply to all orders.

- Pack quantities as per this pricelist will apply to all orders. Any items ordered less than the minimum pack quantity will be rounded up to the nearest pack quantity.

- A minimum lead time of 72 hours is required for filling of orders.

- All prices are ex factory (Cape Town) and exclude VAT.

- All products will be charged at the rulling price as per this price list or any advertised change in the price by Microjet. In the event of any price dispute the current Microjet list price will apply. Microjet will not check nor confirm pricing nor any other information on orders before despatch and invoicing.

ACCEPTABLE USE

All Items are designed for use in outdoor irrigation systems at optimal irrigation temperatures and pressures only.

BARCODED PRODUCT

All items marked with a "B" next to the price are supplied barcoded. Only the individual items are barcoded. No inner or outer barcodes or special packaging are included in the price.

Barcoded stock is supplied and handled in the same manner as un-barcoded Stock. Namely in clear poly bags as per the pack quantity specified.

While every effort is made to ensure that barcode labels remain firmly affixed to the product, product from which the barcode label may have come off do not qualify as defective.

Barcoded items can be ordered un-barcoded but there will be no discount offered for this. Customers may experience delays as un-barcoded items such as these are not stock items. Any such orders of un-barcoded product need to approved by the Sales Manager.

GOODS RETURNS POLICY:

Any defective or factory damaged goods will be replaced or credited on application.

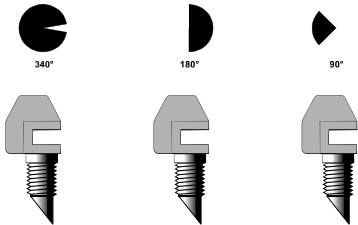

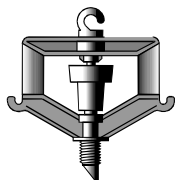

Short supply – All goods are supplied ex factory and are signed for as correct by whomever the customer has sent to collect such goods (including couriers and drivers appointed by the customer). Any claim for short supplied goods will only be effected if we are advised within 48 hours of the goods being received. Any claim will be checked against our system to verify that the goods were short supplied and if correct will be resupplied or credited.

Should you wish to return any goods for any other reason, authorisation must first be obtained from the Sales Manager. A handling fee of **20%** will be levied on all such returns.
